Logging in to GoMembership for the first time

As this is a new system, there is a new process to follow initially. **Most of these steps happen only** once – after that a simple username and password is all you need.

Your username is your existing membership number but only the numeric part. The "M-" that used to be part of the number has gone. So if your number was M-12345, it is now 12345. Makes it simpler. If your number starts with a 0, do not use this. M-068402 becomes 68402.

So here are the steps to follow:

1. Navigate to https://gfa.azolve.com and enter your username

 You have to set a new password. Since this is a new system, the old password won't work. Select the "Forgot password" link below the greet Login" button:

This sends a reset link to your email address:

3. Click the link, or copy/paste into your web browser, and you will then see:

4. Enter and confirm your password. You will then be asked if you wish to Log in. If you click Yes, you will first see a page of terms and conditions for use of the system. This will happen only once, and after that when you log in you will see your member profile:

5. In order to renew your membership, take the "Membership" option, and you will see:
